## **PROFESSIONAL EXPERIENCE:**

Brian is a registered landscape architect with over seventeen years of experience in design, horticulture and agronomy. Since joining the firm in 1990, Brian has been deeply involved in all phases of the design process while working on a number of high profile courses throughout the United States, North America and the Caribbean. Brian's meticulous design skills coupled with his extensive playing background have enabled him to apply a golfer's perspective into his world class design work.
